

The Resilience Innovationlab

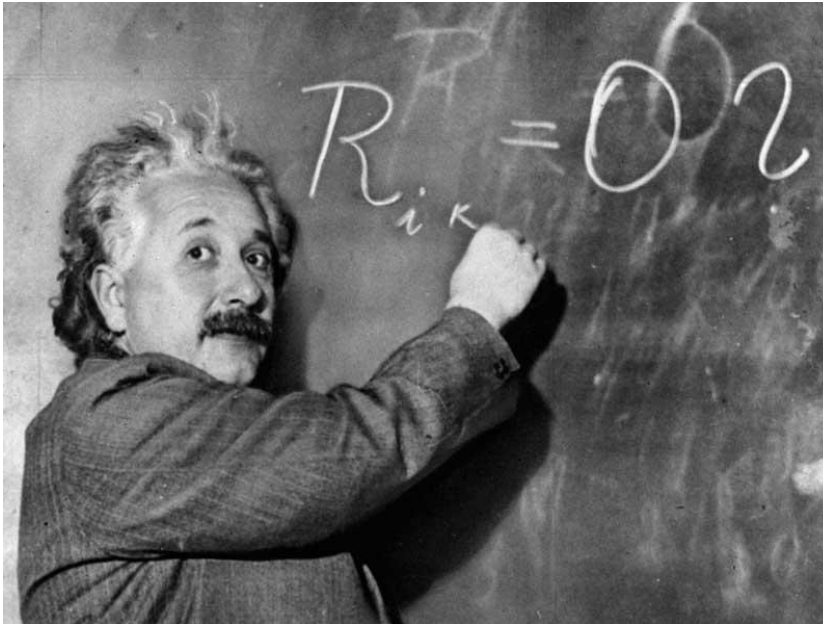

Raphaël Gallis

CGC 20-01-11

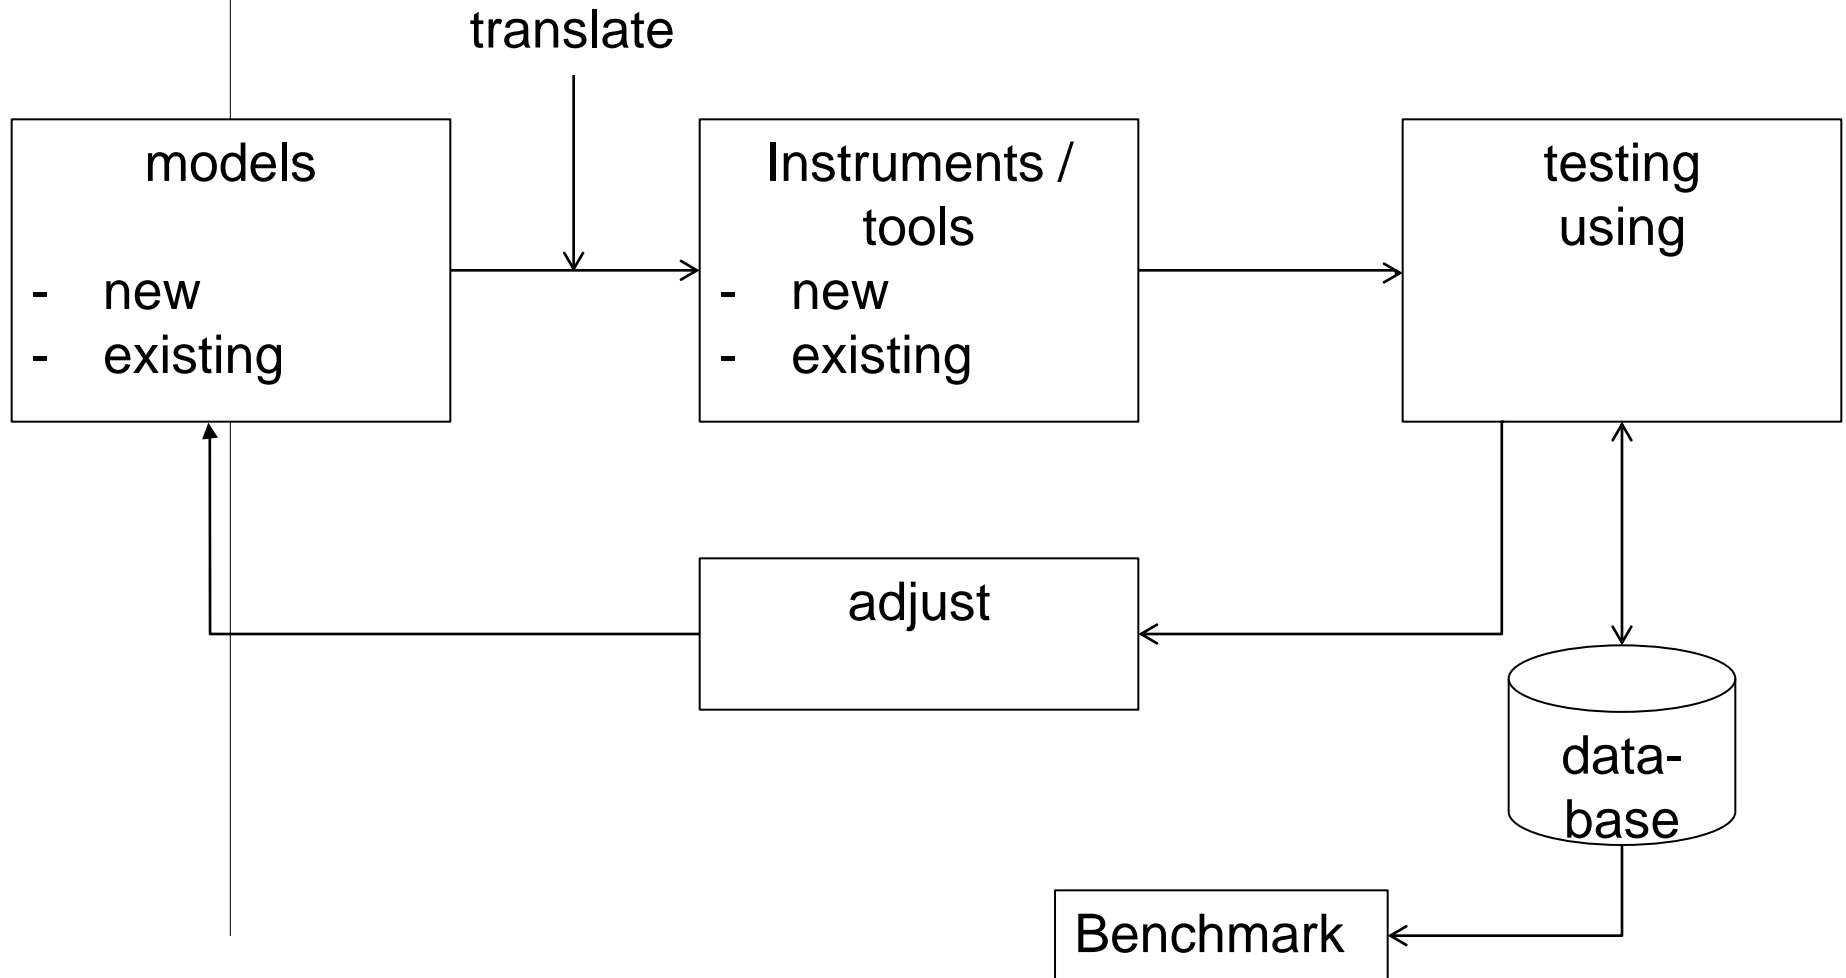

A virtual lab, why?

What is the aim of the RIL?

- › Help further the concept of resilience by:
- › Developing and sharing knowledge and information
- › Open innovation
- › Linked with <http://resilience-engineering.org>

Developing Knowledge

Where are we, where are we going?

- › Members worldwide
- › Projects are starting up (Esreda accident analysis, Grid)
- › The house is built

- › Too few contributions to the wiki and forum

- › Newsletters, live contact
- › Social media (twitter, linkedin)

- › Sponsorship

TNO Research Program 2011 - 2014

Seven themes:

•Healthy living

•Mobility
